

Scholarship Planner Offers Students A Head Start

GCSF has teamed up with Dental Professionals to provide High School students with a Scholarship Planner this fall. GCSF is pleased to provide this planner to help students track information for the GCSF scholarship application. Beginning in the freshman year, students benefit from maintaining accurate records for future scholarship applications. Not only will the Scholarship Planner aid students pursuing a scholarship through the Germantown Community Scholarship Fund, but it will also assist with secondary education and general scholarship applications.

Thanks to generous funding from Dental Professionals, GCSF is able to provide a Scholarship Planner to every Germantown High School student for the 2009-10 school year. The Scholarship Planner will be provided to freshmen in subsequent years. GCSF's goal is to make every student aware of the many scholarship opportunities. Planners will be included in student's High School Registration packets for all grade levels. The planner includes general information regarding the scholarship application, philosophy and the evaluation process. In addition, pages are included to record academic history, participation in extracurricular activities, as well as volunteer, employment and co-op hours. Once the planner is filled, additional pages may be downloaded from the GCSF's Web site www.germantownscholarship.org.

Germantown Community Scholarship Fund, which is a non-profit 501(c) (3) organization, provides the opportunity for all Germantown Area seniors to apply for scholarships. Additional copies of the Scholarship Planner may be obtained from the Germantown High School Guidance Office or at Dental Professionals, N112 W16760 Mequon Rd. Germantown.
